Company History

- ❑ Dimontonate Floccati was established in 1973 as Montonate S.pA., a privately owned company to develop innovative and luxury packaging systems as flocked plastics and paper materials.
- ❑ In 2010, Dimontonate USA LLC was created as a commercial company fully controlled by Dimontonate Floccati, in order to secure its position on the US market and support the local customer's needs.
- ❑ In 2011, a strategic exit from flocked textile materials was completed to focus on the automotive and luxury packaging industries.
- ❑ In 2018, Dimontonate USA started distribution of SwissFlock fibers for North America.
- ❑ In 2019, Dimontonate USA started distribution of SwissFlock fibers for South America.
- ❑ In 2021, Dimontonate Floccati Spa acquired 100% shares of SwissFlock AG.

Application of Flock

- ❑ Die cut part, injection molded parts such as door and window seals
- ❑ Interior application (door panels, glove boxes, center consoles)

SwissFlock Product Range

SwissFlock AG_product range and applications																						
Automotive					fibre dimension					luster									technical information			
rubber sealing	glove box	door compartments	middle console	Polymer	count		lenght		Spundyed Black		Semi Dull	Dull	Full Dull	Trilobal	Bright	flock feeling cards	flock colour cards		MSDS	user guide	Dtex/den vs fibre diameter	skin contact
